'Thank You'

To our Friends in Australia . We love You! Little girl with Gifts (2009).

Sister Alex works amongst the poorest people in the southern town of Galle.

She coordinates the distribution of gifts amongst many children in many distant places in Sri Lanka.

These children live in a tea plantation & simply cannot afford new clothes or stationery for school that is part of the Christmas pack they received.

Here's your opportunity to bring some Christmas cheer to a poor child in Sri Lanka

This project commenced in 2001 sending Christmas gifts to children at the 'Bethlehem Creche' run by Sister Florella—a Carmelite nun. All of the children come from disadvantaged backgrounds where the family income is less than \$3 per day.

With the hike in cost of food many struggle to survive on a daily basis. Their Mum's work on building sites, sweep streets or work as domestics. There is **no** income when Mum gets sick or has to care for a sick child.

Sister Alex from the Sisters of Charity works with the tsunami victims and other disadvantaged groups in Galle— 90 miles from the capital— Colombo. There is no social security system in Sri Lanka. So, life is grim if you happen to be born into a poor family.

Over the years many disadvantaged children in Orphan-

ages, Plantations, tsunami victims. Children of prisoners and more recently war victims have been included to receive a one-off Christmas gift in December 2010.

This year an Orphanage run by the Sisters of Charity in the war ravaged North with 50 girls has been selected to receive a gift. This cannot happen without your help.

In total 500 individual gift packs are needed this year. Gifts are distributed to children of **ALL** nationalities without discrimination.

At Christmas we celebrate the birth of Our Saviour Jesus—please spare a thought to bring some joy into the lives of one of these children.

The gift put together is very practical. It includes a new set of summer cotton clothes, undies, school items, toiletries together with a small toy and lolly bag.

Please help bring some relief to these little ones this Christmas ? There are many children from Plantations, Orphanages, Creche, war victims and tsunami affected children

These girls who are all victims of the war in the North received a gift for the first time!
