

Ripples Network Heaven News

Pictured above: children at the Bethlehem Creche with their gift packs. The Creche is located in a slum area of the capital Colombo. Sister Florella a Catholic nun goes out to the bazaar area to beg for food to feed the children. Nutrition is an important factor in the growth of these young ones. Most often the meal at the Creche is their only hot meal for the day. Their Mums work in labour intensive casual jobs earning around \$3 per day - not enough to feed the whole family. The gift pack is the only new items the child will receive due to their circumstances - they will only ever receive 'hand-me-downs'!

You can make a difference and bring some relief to a child like Jayanthi (not her real name). She is wearing her new dress and is holding her school and toiletry pack. She is from a rural village in the former war zone in the North of Sri Lanka. For the past 15 years Network Heaven has assisted underprivileged children like Jayanthi by sending a customized gift parcel at Christmas. The contents include a set of new clothes, underwear, school stationery, toiletry items, a small novelty item and a lolly bag. These items seem very basic to us, but for a poor child from Sri Lanka (a third world

country) it's of huge benefit. Most of the children we assist have just one parent and live in the community. A small number are in orphanages. Many Fathers have been lost or disabled in the war or simply disappeared. This year we have around 2,500 children on our books and plan to distribute gifts amongst many children affected by the floods in May 2016. Each recipient can start the new school year knowing they have some of the basic items that are needed. Gifts are distributed by Local Partners to children of all races and religions without discrimination. Clothing for girls age 8 and above is made by volunteers in Sydney to suit cultural norms. Boys' clothing needs to be purchased wholesale or donated by individuals. Needs are listed on reverse side. If you plan to visit Sri Lanka we can arrange for you to visit the Bethlehem Creche which is located in a suburb of Colombo. You also have the option of giving a lunch or party to the children and staff. Contact Anne for information.

Did you know ?? we recycle small transistor radios, unlocked mobile phones and old spectacles. We give them to people who put them to good use! **Note: they must be in working order.** Battery charger should also be included. The phones are very useful for people trying to run a small business and the radios and glasses bring a lot of joy to the senior citizens who are cut off from the outside world!

Network Heaven is now on Facebook ! Enjoy the news and photos. We hope you will like us
